What is BES X All-Inclusive?

It's the amazing buying option exclusively available from QubicaAMF to make it easy for you to get everything you need to transform and grow your business! Get BES X, the biggest evolution in the history of automatic scoring, the world's only Bowler Entertainment System and the system that is delivering amazing results for centers all over the world – all for a lower initial investment and low monthly payments!

What is actually included?

The low monthly payments include scoring hardware with unlimited warranty protection, continuous updates of software and content, cloud services, the Tech Wizard app, technical support and online training resources. No surprise maintenance, no surprise fees.

The scoring hardware includes everything needed for BES X on every pair (CPU, HUB and pinspotter interface), the SuperTouch bowler console for every lane, plus exclusive supporting products to drive real business results including BES X Experiences, Conqueror MMS digital signage and the Trouble Call System.

Includes automatic updates for scoring, management system, POS, cloud tools, marketing tools and more to ensure that you are always up to date. New content keeps the entertainment fresh for your guests. New features help drive more revenue, keep your operation at peak efficiency, and help your staff focus on maximizing the experience for your customers.

Plus, with unlimited access to services like technical support with QubicaAMF experts and online training resources developed by operations and marketing pros, you can have the peace of mind that everything you need to take care of business is just a call or a click away!

Why do I want to buy if I can rent?

Don't get pulled in by promises of monthly payments that start small but can grow year after year with nothing to show for them when you're done. BES X All-Inclusive delivers a complete package of the most amazing and successful bowling technologies without the need to pay rent forever. There are no surprises – no increase in fees over time – and you own everything at the end! Plus, unlike many rental programs, you have the platform on which to add future exciting products in an ever-growing ecosystem.
