

CONQUEROR X

All New Conqueror X Center Management & POS System

While each day brings new challenges, we are happy to introduce something designed to help maximize your business—the all new Conqueror X Center Management & POS System.

Conqueror X is the platform for the next generation QubicaAMF ecosystem expansion.

This system has a more flexible architecture, helping to accelerate development changes and improvements and leveraging cloud technologies for an exciting array of features and services—both today and in the future.

Conqueror X includes automatic updates for scoring, management system, POS, cloud tools, marketing tools and more to ensure that you are always up to date. New content keeps the entertainment fresh for your guests. New features help drive more revenue, keep your operation at peak efficiency, and help your staff focus on maximizing the experience for your customers.

Plus, with unlimited access to services like technical support with QubicaAMF experts and online training resources developed by operations and marketing pros, you can have the peace of mind that everything you need to take care of business is just a call or a click away!

CONQUEROR X

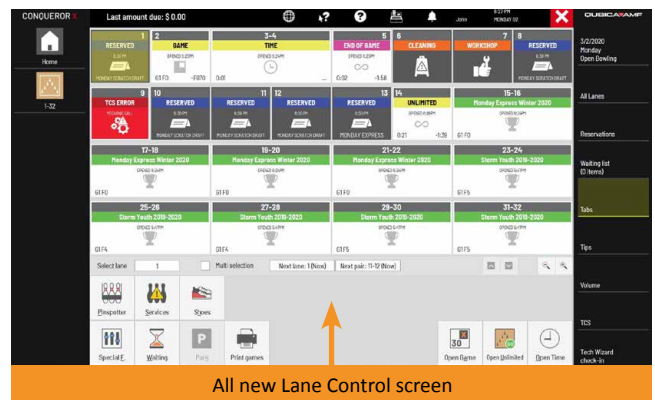

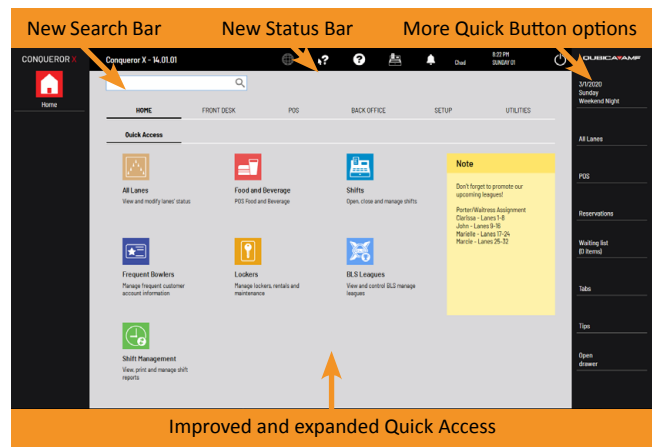

Features to Make Your Job Easier

With Conqueror X you will benefit from new features, an improved interface, receive an inclusive service package and stay automatically up to date on the latest functionalities and improvements.

An improved interface for a superior (and easier) user experience:

- A new Search Bar makes it quick to open the modules you need – just start typing
- The improved and expanded Quick Access area makes it easier than ever to put the most frequently used tools in front of your staff
- More Quick Button options to better customize terminals to match your business functions
- An all new Status Bar – including urgent task notifications so your staff can be super-responsive to guest needs
- An all new Lane Control screen featuring a new color and icon scheme to make it easy to see the entire center at a glance

What's more, an upgrade to Conqueror X opens the door to additional functionality in the future, so you'll always feel your system is like new.

Introducing **CONQUEROR** **CMP**

The Conqueror Maximization Program

Get the peace of mind that comes with expert service and ensure that your center is always up to date with this comprehensive new program that allows you to get the most out of your investment.
